To gain access to MyMathLab go to

\text{\bf NOT \bf www} wvu.mylabsplus.com

Login name is your mix id
Password is mixid2013

Example: If your mix email is \text{jsmith99}@mix.wvu.edu, then your login is \text{jsmith99}
And your password is \text{jsmith992013}
Change your password as you log in

Note: If you were registered for any math class that uses MLP then the year at the end of your password could be that year even if you dropped the class. So, if mixid2013 does not work try mixid2012, mixid2011, mixid2010, or mixid2009.

If you took a math class that used MLP and changed your password, use that.
