

ACTUARIAL CLUB MINUTES 8-24-2018

On Friday, August 24, we conducted our Actuarial Club meeting of the semester. The following list is all the information that was covered:

Officer Introductions. We met our four officers: President - Dustin Freeman. Vice President - Collin Flood. Treasurer - Tanner Mann. Secretary - Sebastiano Inturrisi.

Student Introductions. Students of any major are welcome at our meetings. On Friday, we saw students from Mathematics, IMS, Economics, Physics, Engineering, and more.

How to study for SoA Exams. There is a wide variety of resources dedicated to helping students prepare for the SoA Exams. These include Math classes (Math 363 and Math 364) conducted by Dr. Yang, Coaching Actuaries, Society of Actuaries, and beanactuary.com.

Actuarial High School Visitation Day. In November, the actuarial club will be hosting a visitation event for high school students interested in an actuarial career. Actuaries will be attend to discuss their careers and what made them interested in actuarial science. The event is tentatively scheduled for 10am - 3pm on Nov. 3 but may be subject to change. We need volunteers for this event, so if you would like to help out please contact Sebby at seinturrisi@mix.wvu.edu.

Excel and VBA Workshop. We will be hosting a one hour workshop that will teach students some basics of Excel and VBA that are vital to know for many careers. We encourage students to bring a laptop so they can follow along with the presentation and be able to reference it later. Date of event TBA.
