Grading:

The course grade will be determined by the midterm test (100 points) and the comprehensive final exam (200 points). The course score will be the maximum of the following two values:

- the midterm score plus the final score.
- the final score multiplied by 1.5.

85% of the course score suffices for A and 70% for B.

Homework:

Homework will be assigned and discussed in class. It will not be graded. However, the homework problems may be included in the midterm test and the final exam.
