OFFICE HOURS:	T, Th 4:00-5:00pm
OFFICE:	308G Armstrong Hall
CLASS MEETING TIMES:	T, Th 7:00-8:15pm
CLASS MEETING PLACE:	112 Armstrong Hall
OFFICE PHONE NUMBER:	293-4367
WEB PAGE:	<a href="http://www.math.wvu.edu/~kcies">www.math.wvu.edu/~kcies</a>
TEXT:	Topology, 2 <sup>nd</sup> edition, by Munkres
TENTATIVE GRADING SCHEME:	Homework & Quizzes 30%
	Mid Term Test 30%
	Final Test 40%
FINAL EXAM:	The final exam will be comprehensive.

Note, this is an evening class. As such, the final exam will be administered during the last day of class, that is, during the dead week.

Basically, the format of the class will be very similar to that from Fall 2013.

I will be assigning you homework exercises approximately once a week. You will be expected to write the solutions, which I will correct. I will try to write you my comments in your solutions. I will also try to prepare you my own solutions to give you comparison between yours and mine approach. You will still have some possibility for turning the corrected versions of the graded homework, but this semester I will reduce the score for such second tried version.

There is a possibility that I will organize periodically the recitations depending of your demand.

The questions and discussions will be encouraged.
